PARASOUND
2022-2023 PRODUCT LINE
Integrity endures.™

200 Integrated   Integrated amplifier & DAC

- 110 Watts x2 @ 8 or 4 Ohms
- Burr-Brown 192kHz-24 bit DAC (from the Halo P 5)
- USB, Optical and Coax digital audio inputs
- 4 Analog audio inputs
- Phono input for MM or MC cartridges
- Bass, treble and balance adjustments by remote control
- Subwoofer On/Off & level by remote control
- Full range mono and low pass subwoofer RCA outputs
- Analog bass management w/ variable 20-140Hz high pass crossover
- Favorite and default turn-on volume memory
- Bypass input for surround sound or music streamer integration
- Rename inputs to match connected source
- Input level matching (source volume offset)
- Control4 drivers and module available
  W • D • H: 17.25" • 15" • 2.5" (1.75" 1U, no feet)

200 Pre   Stereo Preamplifier & DAC

*All Features are the same as the 200 Integrated but without the built-in power amp

275 v.2   2 x 90w Power Amplifier

– 2 x 90w, 8 Ω • 2x 150w, 4 Ω or 2 Ω • 200w bridged, 8 Ω
– 30 amps peak current per channel
– 2 pair speaker terminals and select switches w/ lockout
– 3 turn-on options: manual, 12v trigger & audio
– 20/40 Hz high pass crossover switch
– 2 Ω stable operation
– W • D • H: 17.25" • 15" • 2.5" (1.75" 1U, no feet)

2125 v.2   2 x 150w Power Amplifier

– 2 x 150w, 8 Ω • 2x 225w, 4 Ω or 2 Ω • 400w bridged, 8 Ω
– 35 amps peak current per channel
– 2 pair speaker terminals and select switches w/ lockout
– 3 turn-on options: manual, 12v trigger & audio
– 20/40 Hz high pass crossover switch
– 2 Ω stable operation
– W • D • H: 17.25" • 15" • 4.25" (3.5" 2U, no feet)

2250 v.2   2 x 275w Power Amplifier

– 2 x 275w, 8 Ω • 2x 400w, 4 Ω or 2 Ω • 750w bridged, 8 Ω
– 45 amps peak current per channel
– 2 pair speaker terminals and select switches w/ lockout
– 3 turn-on options: manual, 12v trigger & audio
– 20/40 Hz high pass crossover switch
– 2 Ω stable operation
– W • D • H: 17.25" • 18.5" • 6" (5.25" 3U, no feet)

RMK-11	1U Rack Adapter	1U Rack Mount Kit for Models 200 P/I & 275 v.2
RMK-22	2U Rack Adapter	2U Rack Mount Kit for Model 2125 v.2
RMK-33	3U Rack Adapter	3U Rack Mount Kit for Model 2250 v.2

*Rack mount kits are Included in the box with ZoneMaster 4, 12 & 2350 models (ZM2 requires optional ZRK).

Model 2125 v.2

— Common Features of the ZoneMaster Family —

- Universal applications from 60 to 600 watts
- High current for stable operation at 2 Ohms
- A and B speaker output connections for each channel
- Class AB input stage plus premium Class D power stage
- Independent audio sensing triggers, one for each zone
- Independent 12 volt trigger inputs, one for each zone
- Looping 12 volt trigger outputs for each zone
- Bus inputs (ZoneMaster 4 & 12 only)
- Mono mode combines L & R for single speaker applications
- Separate level controls for all channels
- Short circuit/overheat protection front panel indicators
- 0.5 watt standby power meets Energy Star and EU specs
- Rack mounting hardware is included (except ZoneMaster 2)
- Speaker level input for expanding systems w/out pre out jacks

ZoneMaster 12   Universal 12 Channel Amplifier

12 channels/24 speakers

Zone 1 (ch 1 & 2)
120 watts x 2 @ 8Ω
150 watts x 2 @ 4Ω or 2Ω

Zone 2-6 (ch 3 - 12)
60 watts x 10 @ 8Ω
100 watts x 10 @ 4Ω

ZoneMaster 4   Universal 4 Channel Amplifier

4 channels/8 speakers
120 watts x 4 @ 8Ω
150 watts x 4 @ 4Ω or 2Ω

ZoneMaster 2   Universal 2 Channel Amplifier with Sub Crossover

2 channels/4 speakers
120 watts x 2 @ 8Ω
150 watts x 2 @ 4Ω or 2Ω
Mono & Sub RCA outputs
Sub Mode for passive subwoofers
Half rack width (1U high)

ZoneMaster 2350   Universal 2 Channel Amplifier with Sub Crossover

2 channels/4 speakers
350 watts x 2 @ 8Ω
600 watts x 2 @ 4Ω or 2Ω
Mono & Sub RCA outputs
Sub Mode for passive subwoofers
Front panel A/B selector buttons

---

Z Custom is our line of ultra-compact components that delivers true high-end performance where space is tight. Equally comfortable on a desk or in a cabinet, the Z Custom series can fit wherever good sound is needed.

Zamp v.3   Two Channel Amplifier

- 45w x2(8Ω) • 60 x2(4Ω) • 90w x1(8Ω, bridged)
- Automatic on/off by 12 V trigger or audio signal
- All analog class AB design
- Left/Right loop outputs
- Fully discrete circuitry with toroid transformer
- Front panel headphone jack
- Short circuit and over-temp protection
- Unique half-rack width chassis; 1 rack space high

Zphono XRM   Phono Preamplifier with Balanced Outputs

- Dual inputs, fully independent signal paths for two turntables (1 MM & 1 MC)
- Front panel input select switch
- Front panel mono/stereo mode switch
- Front panel rumble filter switch
- Balanced XLR and unbalanced RCA outputs
- Variable MC impedance adjustment (50-1050 ohms)
- RIAA accurate to within 0.2 dB
- Ultra-low distortion (<0.02% THD)
- Unique half-rack width chassis; 1 rack space high
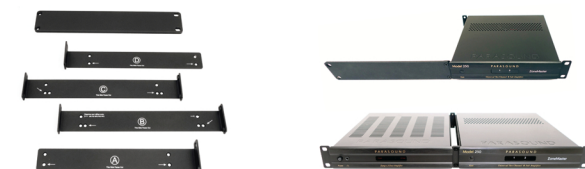

Zphono   Phono Preamplifier

- Compatible with all line level preamplifiers
- Selectable gain for moving magnet or moving coil
- AC polarity switch to help eliminate hum
- Ultra-low distortion; RIAA accurate to 0.25dB
- Ultra high speed, low noise opamps
- Audiophile grade resistors and capacitors
- Unique half-rack width chassis; 1 rack space high

---

Zpre3   Stereo Preamplifier

- Front panel LCD display with dimming
- Automatic turn on volume memory
- Favorite volume memory with remote control button
- 2-way RS232 w/ exact volume control & feedback
- Discrete IR commands for power and input
- Rename inputs to match connected source
- 5 audio inputs including a front panel Aux input
- Bypass input integrates easily w/ a Sonos Port® etc.
- Bass, treble and balance adjustments by remote control
- Variable and fixed stereo outputs
- Variable and fixed mono/subwoofer outputs
- 12V trigger output and rear panel IR input
- Control4 drivers available for download
- Unique half-rack width chassis; 1 rack space high

ZRK   Rack Mount Kit for Half Width ZoneMaster & Z Custom Products
